Ed and Dan,

Just following up on this case.

On Tuesday, Dec. 18, I sent hard copies of the attached Substitute Declaration via Certified Mail to the last address that we have for each of you.

We are quickly approaching our official, final deadline of January 12, 2008, to submit each of your newly-signed pages. I have received David Arfin's signed page so far. Have you had a chance to print out your page, sign it, and fax it back to me at 612-339-3061 or scan it and e-mail it back to me? I have not yet heard from Ed Sesek (ed@sesek.com), and though my e-mails are not bouncing back, I'm not sure if they are going to the correct recipient. Please confirm. Please see attached, and below for further information; and let me know if you have any comments or questions.

All the best,

Jonathan Ferguson

PLEASE CONFIRM RECEIPT OF E-MAIL AND ATTACHMENTS

Dan,

Thank you very much for your assistance.

Attached is a PDF containing the Substitute Declaration; and, for your reference only, the final draft of the application and the drawings.

You and your co-inventors all signed a declaration for this patent application a few years back. You, David Arfin, and Edward Sesek made corrections to the sheets by-hand without initialing and dating the changes, and the USPTO has rejected your signatures because of this informality.

Please review your personal information on the declaration. If you find any errors in your personal information, please cross-out the incorrect parts and hand-write in the correct information and initial and date your changes.

Please print out the formal documents and sign them in BLUE INK. You can sign your own sheet of paper and return it to us independent of the other inventors. We only need the one signed sheet, and you can fax that page with a cover sheet to me at 612-339-3061, or scan and e-mail them to me at jferguson@slwp.com. Please return the original, signed declaration to us via USPS, Fed Ex, etc., to be placed in our file for safe-keeping.

Please let me know if you have any questions or problems with the transmission of these documents. If you have any substantive technical or legal questions, please contact Garth Vivier: 408-278-4041, gvivier@slwp.com.

U.S. Patent Application entitled "Method and apparatus for device communications"  
Application No. 10/751,340, filed 03-Jan-2004

Messrs. Arfin, Lovy & Seseck, I am contacting you on behalf of Cisco Systems, Inc. We have purchased the above mentioned patent application from GlooLabs. The U.S. Patent Office has an issue with the originally signed Declaration and needs a substitute Declaration signed and filed.

Our outside counsel is Garth Vivier @ Schwegman, Lundberg, Woessner, P.A. - S.A. is handling the prosecution of this application and would like to forward you this document for signature. My contact is Jonathan Ferguson. I am copying them on this email. Please do not hesitate to contact me should you have any questions or concerns regarding this application.

Thank you for your assistance in this matter.

Karen
